Are Our Business

Secondary Antibodies

Secondary Antibodies

Reliability

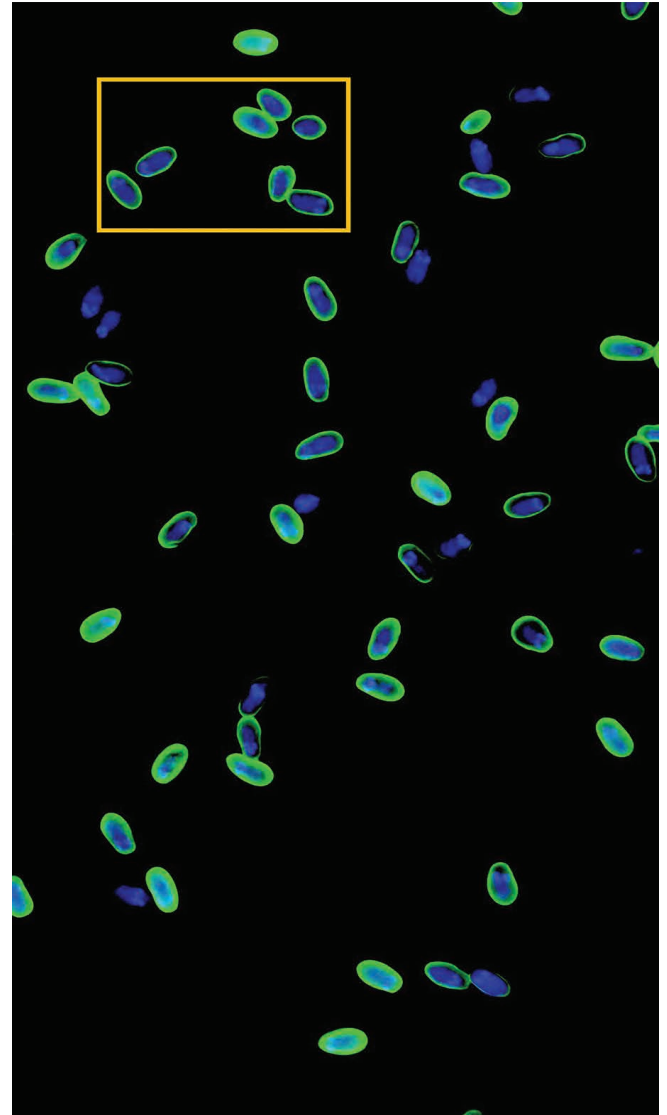

Secondary antibodies play a pivotal role in augmenting the signal of primary antibodies, thereby facilitating the visualization and quantification of specific antigens within biological samples using immunohistochemical and immunocytochemical techniques. At ICL, we take pride in offering an expansive repertoire of secondary antibodies designed to cater to both human and animal research. In addition to our comprehensive secondary antibody collection, we provide researchers with a diverse array of primary antibodies and ELISA kits. All our products are meticulously manufactured within the USA and subjected to rigorous quality and consistency testing, guaranteeing dependable and reproducible results for your experiments.

Quality Assured

ICL is a trusted supplier of antibodies, and ELISA kits to many of the world's leading research institutions, pharmaceutical companies, and in vitro diagnostics (IVD) manufacturers. Established over 40 years ago in Oregon, USA, we develop and manufacture our products in-house using internal gold standard controls for validation, assuring our partners of consistent batch-to-batch performance, reliable long-term supply, and expert technical support from a team who knows our portfolio inside out.

Comprehensive Range

We pride ourselves on our comprehensive range of secondary antibodies, carefully curated to cater to diverse research needs. Our extensive selection features a wide array of secondary antibodies derived from multiple host species, each thoroughly validated for their efficacy across various applications. With our commitment to versatility, we offer secondary antibodies conjugated with FITC, Biotin, or HRP, ensuring that you have a myriad of options to precisely meet your specific requirements.

Why partner with ICL?

- Experienced providers of antibodies, ELISA kits, and protein reference standards
- Products developed, manufactured, and validated in-house - consistent batch-to-batch performance, reliable long-term supply, expert technical support
- Antigen sequencing safeguards reproducibility
- Rigorous testing and quality control using internal gold standard reference material
- Product citations in multiple journals, including high-impact publications
- Trusted supplier to many of the world's leading research institutions, pharmaceutical companies, and IVD manufacturers

Secondary Antibodies

Featured Products

Bovine

Target	Application	Hosts Including
Bovine IgG h+l	ELISA, WB	Rabbit
Bovine IgM	ELISA, WB	Mouse

Cat

Target	Application	Hosts Including
Cat IgE	ELISA, WB	Mouse
Cat IgG Fc	ELISA, WB	Goat
Cat IgG h+l	ELISA, WB	Goat
Cat IgM	ELISA, WB	Goat, Mouse

Chicken

Target	Application	Hosts Including
Chicken IgY Fc	ELISA, WB	Mouse
Chicken IgY h+l	ELISA, WB	Goat

Dog

Target	Application	Hosts Including
Dog IgA	ELISA, WB	Goat
Dog IgE	ELISA, WB	Goat
Dog IgG Fc	ELISA, WB	Goat, Rabbit
Dog IgM	ELISA, WB	Goat, Mouse

Goat

Target	Application	Hosts Including
Goat IgG h+l	ELISA, WB	Donkey, Rabbit, Sheep

Guinea Pig

Target	Application	Hosts Including
Guinea Pig IgA	ELISA, WB	Sheep

Hamster

Target	Application	Hosts Including
Hamster IgG h+l	ELISA, WB	Goat

Horse

Target	Application	Hosts Including
Horse IgE	ELISA, WB	Mouse

Human

Target	Application	Hosts Including
Human IgA	ELISA, WB	Goat
Human IgE	ELISA, WB	Goat, Mouse
Human IgG Fc	ELISA, WB	Goat, Mouse
Human IgG h+l	ELISA, WB	Goat, Rabbit
Human IgM	ELISA, WB	Goat, Mouse, Rabbit
Human Kappa b+f	ELISA, WB	Goat
Human Lambda b+f	ELISA, WB	Goat

Mouse

Target	Application	Hosts Including
Mouse IgA	ELISA, WB	Goat
Mouse IgE	ELISA, WB	Goat
Mouse IgG Fc	ELISA, WB	Goat
Mouse IgG h+l	ELISA, WB	Donkey, Goat, Rabbit
Mouse IgG1	ELISA, WB	Goat
Mouse IgG2a	ELISA, WB	Goat
Mouse IgG2b	ELISA, WB	Goat
Mouse IgG2c	ELISA, WB	Goat
Mouse IgG3	ELISA, WB	Goat
Mouse IgM	ELISA, WB	Goat

Rabbit

Target	Application	Hosts Including
Rabbit IgG h+l	ELISA, WB	Chicken, Donkey, Goat

Rat

Target	Application	Hosts Including
Rat IgE	ELISA, WB	Goat
Rat IgG Fc	ELISA, WB	Goat
Rat IgG h+l	ELISA, WB	Donkey, Goat
Rat IgM	ELISA, WB	Goat
Cotton Rat IgG h+l	ELISA, WB	Chicken

Sheep

Target	Application	Hosts Including
Sheep IgG h+l	ELISA, WB	Rabbit
Sheep IgM	ELISA, WB	Mouse
