For *in vitro* diagnostic use only.

Safety Precautions

1. Before starting the assay, read the instructions completely and carefully. Be sure that everything is understood.
2. Do not pipette by mouth.
3. Do not smoke, eat, drink or apply cosmetics in areas where kits and samples are handled.
4. Any skin complaints, cuts, abrasions and other skin lesions should be suitably protected.
5. The Calibrators, Controls, Conjugate, Pre-Treament and Wash Buffer Concentrate contain sodium azide which can react with lead and copper plumbing to form highly explosive metal azides. On disposal, drain with large quantities of water to prevent azide build-up.
6. The Stop Solution contains sodium hydroxide. Avoid contact with skin, eyes and mucous membranes. Spillage should be mopped up with copious amounts of water. If contact with skin or eyes occurs, irrigate with water and seek medical attention immediately.
7. Material safety data sheets for all hazardous components contained in this kit are available on request.
